

C

*Millions of cells grow here daily.  
Some could become cancerous.  
But with regular screening,  
these cells can be detected  
before they become  
dangerous. So don't  
wait until it's  
too late. Get  
a pap test  
today.*

Talk to your doctor or health care provider about how regular Pap tests  
can help prevent cervical cancer. For more information on cervical screening call 1-800-663-3333  
or visit: [www.bccancer.bc.ca/cervicalscreening](http://www.bccancer.bc.ca/cervicalscreening)
