

Booking Your Appointment

- Call 604-877-6187 (for Lower Mainland) or 1-800-663-9203 (for rest of BC). If you are physically challenged or have special needs, please let us know when you book your appointment so that appropriate staffing and/or amount of time can be arranged.

- You will need to provide:
 - Full name
 - Date of birth
 - BC Care Card number
 - Mailing Address
 - Name of doctor or a medical clinic to send results

If you still have periods, try to book an appointment 2 weeks after your period, when your breasts are likely less sensitive.
