

BCCA Café Promotion June 23, 2009

It's **National Pink Day**, a day where everything should be basking in pink splendour!

It's especially a day for the ladies, as pink is a girl's favourite colour. Guys, you can participate in *National Pink Day*, too. Just get in touch with your feminine side, and display a dash of pink. Note: the girls will love you for it!

Become a **Pink Aficionado! Wear PINK!**
