

Practical Cancer Care for Primary Point of Care Providers

SAT April 1, 2023 | Virtual Conference

8:30 a.m.–12:20 p.m. PDT

Join us for this half-day virtual update on topics relevant to primary care. This year we will be focusing common presentations of childhood cancer, management late effects of childhood cancer, practical hematology, and management and understanding prognosis for patients with lung cancer. Each interactive session will include 30 minutes of brief, practical knowledge followed by 15 minutes of Q&A.

Topics & Speakers:

This Child May Have Cancer: What to do and what not to do for a child with a suspected malignancy?
Dr. Caron Strahlendorf

Managing Late Effects of Childhood Cancer
Dr. Karen Goddard

Practical Hematology for Primary Care
Dr. Paul Yenson

Lung Cancer - Current Management and Understanding Prognosis in our Patients
Dr. Cheryl Ho
