## **Audience**

The Health Authority Staff responsible for completing pre-colonoscopy assessment for each client through the Colon Screening Program.

## **Introduction**

Referral Update Form instructions are provided in this document to ensure standardization and promote consistent data collection for patients across B.C. The documentation provided on the Referral Update Form is used by BC Cancer to support patients being assessed by the appropriate Health Authority referral service centre and to end a screening cycle for patients who will not go on at this time to have colonoscopy. The data on these forms is used to report on program indicators including Health Authority Quality Reports and is used as a source for recalling patients within the program.

Once complete, fax the Referral Update Form the BC Cancer Colon Screening Program and the data will be entered into the Colon Screening Program database to update the patient's record. This ensures that, where appropriate, the patient is recalled by the Colon Screening Program at the next recommended re-screening/surveillance interval.

Please do not fax the Referral Update Form to the BC Cancer Colon Screening Program until documentation is complete. Referral Update Forms with missing documentation or conflicting documentation will be returned for correction.

## **General Instructions**

- Write neatly and legibly.
- Fax completed colon forms to (604) 297-9340.

Fields described below that are italicized will not be used by the Colon Screening Program and are for local use/clinical documentation as required.

### Section A: Transfer Request

This section should **ONLY** be completed if the patient is to be transferred from one Health Authority Referral Service Centre to another, even if the new Referral Service Centre will be within the same Health Authority. The transfer request will ensure the referral, and subsequent letters, can be correctly routed to the correct Health Authority Referral Service Centre for the patient.

<input type="checkbox"/> <b>SECTION A: TRANSFER REQUEST</b> <i>Complete only if referral requires a transfer to another service centre.</i>	
<div> <div>Transfer Request To:</div> <div> <div>Transfer Request Reason:</div> <div> <input type="checkbox"/> Medical Reason <input type="checkbox"/> Patient Preference <input type="checkbox"/> Patient Address Related <input type="checkbox"/> Other (Please specify): </div> </div> </div>

Patients unable to have colonoscopy within the participating health authorities will require health authority staff to inform Primary Care Provider to refer to a specialist in NHA. Select "Other" in Section B and indicate reason.</li> </ul>
Transfer Request Reason	<ul style="list-style-type: none"> <li>Indicate the reason for the patient transfer.</li> <li>Indicate "Medical Reason" for situations where the patient required a different provider or facility for their procedure (e.g. medically complex patient, large polyp to remove, etc.)</li> <li>Indicate "Patient Preference" if the patient is requesting their procedure at another facility (e.g. colonoscopist preference, preferred facility location, etc.)</li> <li>Indicate "Patient Address Related" to capture instances when the patient has moved to another area of the province and the address on file was out of date or if the patients address was inappropriately linked to the Service Centre in receipt of the referral.</li> <li>Only indicate "Other" if the above three options do not apply. Describe the reason for the transfer.</li> </ul>

## Section B: Patient Not Proceeding

This section should **ONLY** be completed to advise the Colon Screening Program that the patient is not proceeding to colonoscopy. In general, indicate the primary reason the patient is not proceeding. At times, it may be helpful to provide multiple reasons. If multiple reasons are indicated, each reason will be captured.
