**Results Notification – Follow-up Needed**

You are receiving this letter because you recently completed an at-home fecal immunochemical test (FIT).

The result of your test shows that further follow-up is needed. The recommendation is for you to have a colonoscopy assessment.

Follow-up for a colon screening result is common and does not mean that you have cancer – about 10 per cent of people that complete a FIT will require further follow-up. However, it is important that you attend all follow-up appointments.

**NEXT STEPS:** Your local health authority will contact you to schedule follow-up. Follow-up is usually a colonoscopy. It may take some time for staff to contact you. To check current wait times for your area, please call XXX-XXX-XXXX.

The contact information provided to the Referral Centre for you is: H: XXX-XXX-XXXX M: XXX-XXX-XXX. If this information is incorrect, please contact the health authority at the above number to provide them with your correct contact information.

If you have questions about your next steps, please see the enclosed brochure or contact your health care provider.

If your address or phone number has changed, please visit <https://www.addresschange.gov.bc.ca> to update your address with Health Insurance BC.
