

Provincial Health Services Authority

To Medical Imaging Department,

Re: Request for MRI Images for Cancer Treatment (Tumour Treating Fields)

My patient is requesting their radiation planning MRI images, obtained _____, for clinical purposes related to starting Tumor Treating Fields (TTF) therapy as the next stage of their cancer treatment.

I am asking that this request be prioritized to ensure timely continuity of care.

If additional documentation or clarification is required, please contact me, their oncologist, directly at _____.

Thank you for your prompt attention to this matter,
