

**Lung Screening Results Notification
Follow-Up Recommended**

Notice Date: 26 Jan 2026
Exam Date: 25 Jun 2025

TestPat-FN-2-7 TestD_LN_LgExclNotices
121 FIRST AVE APT 7ABC
Vancouver, BC V5Z 1G1

Your lung screening CT scan shows suspicious spots that require further investigation through follow-up testing, including more scans or a biopsy. This does not mean that you have cancer, but it is important that you attend all recommended follow-up procedures that are scheduled.

NEXT STEPS: Detailed results of your CT scan have been sent to the health care provider on record: BETTY PLISBVDB in case you have questions about the follow-up. Additionally, a referral has been sent to the Diagnostic Assessment Clinic within your Health Authority. They will contact you directly to arrange an appointment and discuss next steps. If you do not hear from the clinic within two weeks of receiving this letter, please call the Lung Screening Program at 1-877-717-5864.

Some people may have other findings not related to cancer and the health care provider will contact you if further follow-up is required.

SMOKING CESSATION: At time of intake, you informed the Program that you were smoking or had recently quit. Stopping smoking doubles the benefits of lung screening and significantly improves your lung health. Please see the enclosed brochure for information and resources on smoking cessation. Studies have found that prescription drugs such as Varenicline can improve your chances of quitting. We recommend you reach out to the health care provider to discuss smoking cessation prescription drugs that may be covered by the BC Smoking Cessation Program.

For more information about lung screening, please visit screeningbc.ca/lung.

Thank you for participating in the BC Cancer Lung Screening Program.

Dr. Stephen Lam
Lung Screening Medical Director

If you have a change of address before your next screening, please visit addresschange.gov.bc.ca/ to update ICBC and Health Insurance BC at the same time.

Lung Screening notices are available online on Health Gateway. Please visit healthgateway.gov.bc.ca/ to register for access.

If you have received this report in error or the health care provider has changed, please notify us at 1-877-717-5864.
